

J ASEERA PARVEEN

ashirah1612@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Motivated MCA graduate seeking an opportunity in the IT sector to apply technical skills, solve real-world problems, and contribute effectively to organizational growth while continuously learning and developing in a dynamic environment.

TECHNICAL SKILLS

Programming Languages : Python, Java, JavaScript, HTML, CSS	UI/UX & Design : Figma, CorelDRAW
Frameworks : Node.js, Express.js, Flask,	Data & Analytics : Power BI, Tableau
Libraries : React.js, TensorFlow, OpenCV, NumPy	Tools & Version control : Git, GitHub, Visual Studio Code
Databases : MySQL, MongoDB	

EXPERIENCE

AI/ML Intern — Macvel Technologies, Sivakasi - Feb 2026 - May 2026

- Developed AI/ML solutions using Python and TensorFlow.
- Performed data preprocessing and model evaluation for real-world datasets.
- Collaborated with the development team on machine learning workflows.

Website Development Intern — Getin Technologies, Virudhunagar - May 2025 - June 2025

- Contributed to the website development process under real-time project supervision
- Delivered functional code modules while rapidly mastering new technologies and maintaining professional standards
- Implemented responsive UI components and server-side APIs, contributing to end-to-end web features

PROJECTS

Mediction AI – An AI Powered Radiology Reporting System (Ongoing)

- Developing an AI-powered radiology reporting system using Python, Flask, HTML, CSS, JavaScript, SQLite, and Gemini API.
- Implementing speech-to-text, AI-based report generation, patient history, and PDF export for MRI, CT, X-ray, and Ultrasound reports.
- Building admin login, report management, and a professional dashboard for efficient radiology workflow.

CNN-Based Multi-Modal AI Detection System ---- Feb 2026 to Apr 2026 [GitHub](#)

- Developed a deep learning-based system to detect AI-generated images, audio and video using CNN
- Implemented modules for image detection, AI model identification, and Audio Analysis, video frame analysis
- Trained the model on labeled datasets to recognize patterns and generate predictions with confidence scores

Expense Tracker Web Application ----Feb 2025 to March 2025 [GitHub](#)

- Built a full-stack web application using MERN stack
- Implemented user authentication (signup/login) and secure data handling
- Developed features to add, edit, delete, and view expenses & Managed separate user data with REST API integration

CERTIFICATIONS

- Introduction to Graphic Design – NPTEL , IIT Hyderabad| Feb – Apr 2025
- Elements of AI Minnalearn - University of Helsinki | Year 2025
- Hands-on Python: Learn by Doing - Reccsar Pvt. Ltd. | Sept 1 – Sept 6, 2025
- Industry-Ready Full Stack Development Program(MERN) - DCE Technologies (VNR) | Jan – Mar 2025
- Introduction to User Experience Design Coursera - Georgia Institute of Technology | Year 2025
- MongoDB Basics for Students - MongoDB Inc. | Year 2025

EDUCATION

- | | |
|---|---|
| <ul style="list-style-type: none">• Master of Computer Applications (MCA)
Madurai Kamaraj University (2024 - 2026)
CGPA: 8.40 / 10 | <ul style="list-style-type: none">• B.Com in Computer Applications
Madurai Kamaraj University (2021 - 2024)
CGPA: 7.8 / 10 |
